2 ENROLLED, An Act,

3 Relating to the finance and construction and
4 renovation of prisons; to provide legislative findings and
5 intent; to amend Sections 14-2-1, 14-2-6, 14-2-12, 14-2-13.1,
6 14-2-14, 14-2-16, 14-2-19, 14-2-21, 14-2-28, and 14-2-34, Code
7 of Alabama 1975, to allow the Alabama Corrections Institution
8 Finance Authority to issue bonds in an amount not to exceed
9 \$785 million for the purpose of implementing a prison
10 modernization plan in a phased approach that would replace
11 existing bed space in Department of Corrections facilities
12 through the construction of a new specialized men's prison
13 facility on state-owned land in Elmore County providing
14 specialized services to inmates; the construction of a new
15 prison facility for male inmates on state-owned land in
16 Escambia County; the construction of a new women's prison
17 facility on state-owned land in Elmore County; the renovation
18 and improvement of existing state-owned prison facilities in
19 certain counties and an additional existing facility to be
20 selected by the authority; to define certain terms; to revise
21 the membership of the authority; to require reporting to the
22 Joint Legislative Prison Oversight Committee; to further
23 provide for actions to be taken upon payment of all bonds
24 issued by the authority; to create the Correctional Facilities

1 Maintenance Fund; and to create the Department of Corrections
2 - Correctional Capital Improvement Fund.

3 BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

4 Section 1. The Legislature finds and declares the
5 following:

6 (1) Many of the existing prison facilities in this
7 state are well beyond their normal design service life, most
8 existing prison facility infrastructure lacks sustained
9 maintenance, and lifecycle replacement has not been routinely
10 performed on all facilities. The average age of operational
11 prison facilities used by the Department of Corrections is 44
12 years. Additionally, the physical plant conditions have
13 continued to deteriorate in many facilities, and the design
14 and layout of the existing facilities is antiquated and not
15 optimally suited for the delivery of necessary services to
16 inmates or to fully realize the benefits of modern technology.
17 In many facilities, renovation would be uneconomical or
18 cost-prohibitive.

19 (2) It is the intent of this act to implement a plan
20 to replace existing prison facility capacity with new or
21 renovated capacity in the prison facilities using a phased
22 approach.

23 (3) It is necessary to prioritize the construction
24 of a men's prison facility to provide enhanced health care
25 services, including outpatient and inpatient medical and

1 mental health services, substance abuse and addiction
2 treatment, and educational services and programs, and to
3 increase delivery of these services efficiently.

4 (4) It is also necessary to prioritize the
5 construction of a 4,000-bed men's prison facility to provide
6 transition space for those inmates currently housed in
7 facilities that are in critical need of renovations and
8 improvements, and to construct a new women's prison facility.

9 (5) A phased approach in constructing new prison
10 facilities and renovating and improving some or portions of
11 existing prison facilities, coupled with the use of any
12 funding sources, available now or in the future, and
13 appropriated for these specific purposes, is a fiscally
14 responsible and practical approach to addressing the critical
15 needs of the current prison infrastructure.

16 (6) It is the intent of the Legislature to fully
17 fund Phase I of construction with a combination of issuing
18 bonds authorized by this act and direct appropriation of other
19 available funds. It is further the intent of the Legislature
20 that future phases of the plan set forth in this act shall be
21 funded on a pay-as-built basis or as otherwise authorized by
22 this act.

23 Section 2. Sections 14-2-1, 14-2-6, 14-2-12,

 6 Jefferson and Limestone Counties and an additional men's
 7 prison facility selected by the authority and to be located in

21 provisions the authority shall not have the power to obligate
22 itself except with respect to its facilities, the Kilby

 17 ~~architects or engineers, or both, selected by the department.~~
 18 ~~Such plans and specifications shall be approved by the~~
 19 ~~department and by the commission. All work in the construction~~
 20 ~~of facilities, or any part thereof, which is determined by the~~
 21 ~~commission to be suitable and proper for construction by~~
 22 ~~prison labor under force account shall be performed by such~~
 23 ~~prison labor under such supervision and directions as shall be~~
 24 ~~ordered by the department. All construction of facilities or~~
 25 ~~any part thereof which the commission shall determine not to~~

1 ~~be suitable and proper for construction by prison labor shall~~
2 ~~be done under the supervision and direction of the commission~~
3 ~~following award for each part of the work to the lowest~~
4 ~~responsible bidder after advertising for, receipt and public~~
5 ~~opening of sealed bids. Each such invitation for bids and the~~
6 ~~bidding documents applicable thereto shall be so arranged that~~
7 ~~any alternates shall constitute cumulative deductions from the~~
8 ~~base bid rather than additions thereto. In determining the~~
9 ~~lowest bidder if funds are insufficient to construct the~~
10 ~~facility on the lowest base bid, then the commission may~~
11 ~~proceed to consider the bids upon the basis of the base bids~~
12 ~~of all bidders minus the respective reductions stated for the~~
13 ~~first alternate. If the lowest bid so determined is not then~~
14 ~~within the funds available, the commission shall proceed to~~
15 ~~consider the base bid minus the first and second alternates~~
16 ~~together to determine the lowest bid and in like manner~~
17 ~~throughout all alternates, if need be, so that in no event~~
18 ~~shall there be any discretion as to which alternate or~~
19 ~~alternates will be used in determining the lowest responsible~~
20 ~~bidder. If no bid deemed acceptable by the commission and the~~
21 ~~authority is received, all bids may be rejected, in which~~
22 ~~event bids may again from time to time be invited and acted on~~
23 ~~as provided in this section.~~

24 "(a) (1)a. Notwithstanding any other provision of
25 law, the contract for the design and construction of the

1 specialized men's prison facility and the Escambia men's
2 prison facility authorized in Section 14-2-12(c) (2)a. may be
3 awarded to either of the following:

4 "1. Any person that was part of a team qualified by
5 the department for any proposed facility pursuant to the
6 Request for Qualifications issued by the Department of
7 Corrections June 27, 2019, provided that the previously
8 qualified person may petition the department to add or
9 substitute members as needed.

10 "2. In the event the authority determines it is not
11 in the best interest of this state to enter into a contract
12 for the design and construction of one or both of the
13 specialized men's prison facility and the Escambia men's
14 prison facility pursuant to subparagraph (a) (1)a.1., the
15 authority may enter into contracts with any other public and
16 private parties for the design and construction of the
17 facilities not contracted for pursuant to subparagraph
18 (a) (1)a.1., including a design-build contract, in accordance
19 with the following:

20 "(i) The authority shall develop procedures to
21 implement this section, including, but not limited to,
22 proposal content, selection criteria, prequalification,
23 applicant interview, proposal evaluation, proposal
24 negotiation, selection, and award, which will be outlined in
25 each authority request for proposal.

1 "(ii) Notwithstanding any provision of law to the
2 contrary, proposals under this section shall be awarded by the
3 authority based on qualifications of participants and best
4 value as evaluated by procedures of the authority and taking
5 into consideration the best interest of this state.

6 "(iii) Proposals shall use the standard
7 specifications of the department or other specifications the
8 authority and the department determine necessary for the
9 facility.

10 "(iv) The authority may award a contract through any
11 other procurement authority, proposals, or other means of
12 procurement otherwise available for public works projects in
13 this state.

14 "b. Both the specialized men's prison facility and
15 the Escambia men's prison facility shall not be awarded to the
16 same person unless it is determined by the authority that to
17 award the contracts to the same person would be in the best
18 interest of this state.

19 "c. Unless the authority finds it is not in the best
20 interest of this state, the contract for the design and
21 construction of the specialized men's prison facility shall be
22 executed before execution of the contract for the design and
23 construction of the Escambia men's prison facility.

24 "d. Any contract for the design and construction of
25 the specialized men's prison facility or for the design and

1 construction of the Escambia men's prison facility shall
 2 establish a guaranteed maximum price for each project.

3 "e. As a condition of entering into a contract for
 4 the design and construction of either the specialized men's
 5 prison facility or the Escambia men's prison facility, any
 6 person entering into the contract shall agree to full
 7 transparency and shall share all pricing information with the
 8 authority. The authority, at its sole discretion, shall have
 9 the right to require verification of competitive pricing for
 10 any portion of the proposed scope of the design and
 11 construction agreements.

12 "(2)a. Notwithstanding any other provision of law,
 13 and except as provided in paragraph b., all other construction
 14 contemplated by the act amending this section shall be subject
 15 to the bid requirements for public works in Title 39.

16 "b. When two or more bids are received for contracts
 17 referenced in paragraph a., and all bids exceed available
 18 funding for the contract as provided in Section 14-2-12, the
 19 authority may negotiate for the work with the lowest
 20 responsible and responsive bidder provided that the authority
 21 certifies a shortage of funding, that time is of the essence,
 22 and that the negotiated changes are in the public interest and
 23 do not materially alter the scope and nature of the project.

24 "(c) All such contracts shall be lump sum contracts.
 25 The entire work on a prison facility may be divided into one

1 or more contracts. All contracts for the entire work on a
2 facility ~~shall~~ need not be awarded at the same time, ~~but~~
3 ~~notice to proceed may be withheld until~~ so that prior work
4 under another contract ~~has progressed~~ can progress to a point
5 where the joint or following work can best be coordinated for
6 the earliest completion of the entire project in a sound and
7 workmanlike manner. Each contract shall be executed by the
8 authority ~~upon the determination of the commission as to the~~
9 ~~lowest bidder.~~ Payments made by the authority under the
10 construction contracts shall be upon the contractor's written
11 sworn request only if endorsed as approved by the commission
12 or in any lesser amount the commission shall endorse as having
13 been then earned on ~~said~~ the contract. After the contracts for
14 a facility have been awarded, ~~such~~ the construction cost
15 estimate shall be revised and all extras on the contracts
16 shall be awarded within the funds available. The authority
17 shall pay to the commission as a part of the cost of
18 constructing the facility such sums for the services of its
19 employees as may be mutually agreed between the department and
20 the commission.

21 "§14-2-34.

22 "When all bonds and securities issued by the
23 authority and all obligations assumed by it under the
24 provisions of this chapter shall have been paid in full, the
25 then president of the authority shall thereupon execute and

1 deliver in the name of, and in behalf of, the authority an
2 appropriate deed or deeds, to which the seal of the authority
3 shall be affixed and attested by the secretary of the
4 authority, conveying all facilities and other assets then
5 owned by the authority to the state, except that no such
6 conveyance shall be required if the president of the authority
7 determines that the issuance of additional bonds to finance
8 improvements to existing facilities is contemplated. The ~~then~~
9 officers ~~and directors~~ of the authority may, in their
10 discretion, at such time file with the Secretary of State a
11 written statement, subscribed and sworn to by each of them,
12 reciting the payment in full of all bonds theretofore issued
13 by the authority and the execution and delivery of such deed
14 or deeds, which statement shall be filed by the Secretary of
15 State and recorded with the certificate of incorporation of
16 the authority, and thereupon the authority shall stand
17 dissolved."

18 Section 3. (a) Separate and apart from the power
19 granted to the authority in regard to the Kilby property in
20 Sections 14-2-26 and 14-2-27, Code of Alabama 1975, and in
21 addition to those powers, the authority shall have the power
22 to sell, convey, and lease all or any part of any real and
23 personal property now or hereafter owned by it, together with
24 the improvements thereon and ancillary thereto, that is not
25 being used by the department as a facility, and the sale of

1 which will not impair the outstanding obligations of the
2 authority, and as an aid to the sale or lease, to cause to be
3 prepared by competent real estate experts a land use map and
4 plan. The authority may lease or sell lands and property owned
5 by it without going through the Lands Division or in any other
6 way complying with the provisions of Title 9, Chapter 15,
7 Article 3, Code of Alabama 1975. The authority must have duly
8 adopted written policies and procedures governing the sale or
9 lease of the property which invoke open competition and
10 produce the best price, to include obtaining an appraisal,
11 advertising the sale or lease, and conducting the sale by
12 public auction or publicly sought sealed bid. The sale or
13 lease shall be made at public sale or private sale as the
14 authority shall determine to be necessary or desirable.

15 (b) The award of any property offered for public
16 sale or lease shall be made to the highest responsible bidder
17 unless all bids shall be rejected as inadequate and other
18 public offering shall be made upon notice republished as
19 prescribed above. Any sale shall be for all cash. Each deed or
20 lease to effectuate any sale or lease shall be signed in the
21 name of the authority by its president, to which the seal of
22 the authority shall be affixed and attested by its secretary.

23 (c) The proceeds of each sale or lease of any such
24 property shall be used first to pay the reasonable and
25 necessary expenses of the sale or lease, and the balance

1 remaining shall be deposited into the Correctional Facilities
2 Maintenance Fund.

3 (d) The department shall maintain all facilities not
4 being used for the purposes designated in Section 14-2-1(7),
5 Code of Alabama 1975, and designated for sale, lease,
6 demolition, or other disposition, so long as title thereto is
7 held by the authority, to enable the authority to achieve the
8 best possible price or other result upon the sale, lease, or
9 other disposition thereof.

10 (e) Upon request of the authority, the department
11 shall convey to the authority any real and personal property
12 to which the department holds title and acquired with proceeds
13 of the authority's bonds or income thereon.

14 Section 4. The state, through any of its departments
15 or agencies or a subdivision thereof, shall lease or purchase
16 upon commercially reasonable terms, or a combination thereof,
17 the existing prison facility in Perry County to be utilized by
18 the department or any other state department or agency using
19 funds appropriated for that purpose from the State General
20 Fund.

21 Section 5. A person or entity submitting a proposal
22 for any project under this act shall disclose both of the

7 or entity submitting the proposal or associated in any manner
8 with a subcontractor of the person or entity on or after
9 December 6, 2019.

10 Section 6. Nothing in this act shall be construed to
11 limit the department from continuing to use third party or
12 private facilities for any program or housing of inmates that
13 are not under medium, maximum, or close security supervision.

14 Section 7. (a) Prior to the closure of any facility
15 as the result of the provisions of this act, there shall be
16 established a commission to study the economic impact of the
17 closure of the facility, any possible repurposing of the
18 facility, and any outstanding obligations of the facility to a
19 local governmental entity or utility board. The commission
20 shall report its findings to the Governor, the President Pro
21 Tempore of the Senate, the Speaker of the House of
22 Representatives, the Senate Minority Leader, and the House
23 Minority Leader.

24 (b) The Alabama Prison Repurposing Commission,
25 created by Executive Order No. 722, September 22, 2020, is

1 deemed to satisfy the requirements of subsection (a) for as
2 long as the commission exists.

3 Section 8. The provisions of this act are severable.
4 If any part of this act is declared invalid or
5 unconstitutional, that declaration shall not affect the part
6 which remains.

7 Section 9. This act shall become effective
8 immediately following its passage and approval by the
9 Governor, or its otherwise becoming law.
