8	SYNOPSIS:	This bill would require the Department of
9		Conservation and Natural Resources to issue not
10		less than 40 licenses for paddlefishing on the
11		Tennessee River, the Alabama River, and the
12		Tombigbee River for a season to run from December 1
13		to April 30.
14		The bill would provide for the cost of the
15		licenses, for the regulation of fishing for
16		paddlefish by nets, for the processing of
17		paddlefish roe, and for criminal penalties.
18		Although this bill would have as its purpose
19		or effect the requirement of a new or increased
20		expenditure of local funds, the bill is excluded
21		from further requirements and application under
22		Amendment 621, as amended by Amendment 890, now
23		appearing as Section 111.05 of the Official
24		Recompilation of the Constitution of Alabama of
25		1901, as amended, because the bill defines a new

crime.

crime or amends the definition of an existing

26

27

The purpose or effect of this bill would be to require a new or increased expenditure of local funds within the meaning of the amendment. However, the bill does not require approval of a local governmental entity or enactment by a 2/3 vote to become effective because it comes within one of the specified exceptions contained in the amendment.

9 A BILL

TO BE ENTITLED

11 AN ACT

Relating to commercial fishing; to provide for the issuance of licenses to fish for paddlefish on the Tennessee River, the Alabama River, and the Tombigbee River and for the fishing season; to regulate the fishing for paddlefish on the Tennessee River, the Alabama River, and the Tombigbee River and for the processing of paddlefish roe by the fisherman; to provide penalties; and in connection therewith would have as its purpose or effect the requirement of a new or increased expenditure of local funds within the meaning of Amendment 621 of the Constitution of Alabama of 1901, as amended by Amendment 890, now appearing as Section 111.05 of the Official Recompilation of the Constitution of Alabama of 1901, as amended.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. (a) There shall be an open season for the fishing for paddlefish from December 1 to April 30 on the Tennessee River, the Alabama River, and the Tombigbee River.

- (b) (1) The Department of Conservation and Natural Resources may not issue more than 40 licenses for the paddlefish season to residents and nonresidents. The cost of a license for a resident shall be one thousand five hundred dollars (\$1,500) per season. A license may be issued to a nonresident only if a nonresident is the resident of a state that allows an Alabama resident to purchase a paddlefish license and the cost of the nonresident license shall be the same as the cost of a license in that state to an Alabama resident. Any applicant for a paddlefish fishing license who has participated in the paddlefish management program of the department shall have first option to purchase a paddlefish license. Any licenses remaining available after licenses have been issued to fishermen eligible to purchase the licenses based on the above priority shall be issued on a first come, first served basis.
- (2) The proceeds from the fees collected from the issuance of paddlefish licenses pursuant to this section shall be deposited in a special account in the Game and Fish Fund of the Department of Conservation and Natural Resources and shall be continuously appropriated to the department for the purchase of paddlefish fry, fingerlings, or paddlefish to be used for the restocking of the waters where paddlefish are

harvested to assure the paddlefish population does not decline as a result of the harvesting.

Section 2. A paddlefish licensee may fish for paddlefish subject to the following rules:

2.0

- (1) The licensee may fish only with gill nets having a webbing mesh size not less than six inches in mesh size.
- (2) Nets may be tied or hobbled down or may be fished without being tied or hobbled down.
 - (3) Nets may not exceed 100 yards in length.
- (4) Nets may not be used within 25 feet of the bank from a boat, except nets may be anchored or tied to the bank and may be straightened using a boat, provided the mesh does not start within 25 feet from the bank.
 - (5) Not more than 10 nets may be fished at any time.
- (6) Nets used for fishing shall be maintained and checked not less than every 24 hours.
- (7) The licensee shall be allowed one unlicensed helper on the boat while fishing and processing roe.

Section 3. The Department of Conservation and Natural Resources shall issue 100 tags to each licensee, which shall be placed on any female paddlefish removed from the water. The licensee shall be limited to 100 female paddlefish with roe. Female paddlefish of any length may be taken and any fish taken shall be tagged within a reasonable time after being taken. The roe shall be removed only on the boat and within 50 yards of the dock. The roe from each paddlefish shall be placed in a separate container for each fish and the

tag shall be attached to the container. The fish from which
the roe was harvested shall remain on the boat while being
processed and during transport to the buyer. The licensee may
keep up to 10 fish that do not have roe and are not capable of
swimming.

Section 4. (a) A person who violates this act shall be guilty of a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500).

(b) Any licensee who takes more than 100 female paddlefish with roe or takes female paddlefish with roe in excess of the number of tags issued to the licensee, in addition to the penalty provided in subsection (a), may be prohibited from applying for or receiving a paddlefish license under this act for five years.

Section 5. Although this bill would have as its purpose or effect the requirement of a new or increased expenditure of local funds, the bill is excluded from further requirements and application under Amendment 621, as amended by Amendment 890, now appearing as Section 111.05 of the Official Recompilation of the Constitution of Alabama of 1901, as amended, because the bill defines a new crime or amends the definition of an existing crime.

Section 6. This act shall become effective immediately following its passage and approval by the Governor, or its otherwise becoming law.
