

1 SB320  
2 219002-3  
3 By Senator Weaver  
4 RFD: Healthcare  
5 First Read: 17-MAR-22

8 SYNOPSIS: Existing law requires abortion providers, 48  
9 hours before performing an abortion on a woman, to  
10 provide the woman with a state-produced pamphlet of  
11 pregnancy-related services in this state.

12 This bill would require a physician, before  
13 performing an abortion on a woman, to confirm that  
14 the woman has received a free resource access  
15 assistance offer. This offer would be provided  
16 through a phone call to a toll-free number that is  
17 staffed by support professionals who would explain  
18 available pregnancy-related services to the woman,  
19 help her learn about and connect to those  
20 resources, and make available additional direct  
21 support related to her pregnancy.

22 This bill would make available substantive  
23 services to help pregnant women and parents of  
24 young children navigate existing private and public  
25 resources to support their pregnancy and parenting,  
26 and would establish a process to ensure every woman

1 seeking to obtain an abortion in Alabama learns  
2 about those services prior to an abortion.

3 This bill would also support follow-up  
4 services for women after the birth of their  
5 children, including referrals to resources in their  
6 community and public assistance programs.
