8 SYNOPSIS: Under existing law, in certain  
9 circumstances, a state may request, a waiver from  
10 the U.S. Department of Agriculture of the work  
11 requirements that an able-bodied adult without  
12 dependents must comply with in order to receive  
13 assistance from the Supplemental Nutritional  
14 Assistance Program (SNAP).

15 This bill would prohibit the Commissioner of  
16 the Department of Human Resources from requesting a  
17 waiver of federal job requirements for able-bodied  
18 adults without dependents who are applicants or  
19 recipients of the Supplemental Nutritional  
20 Assistance Program.

21 This bill would require all able-bodied  
22 adults without dependents who are applicants or  
23 recipients of SNAP benefits to participate in  
24 minimum work requirements, a work training program,  
25 or volunteer community service and provide limited  
26 exemptions from these work requirements.

1                   This bill would also require the Department  
2                   of Human Resources to develop a work training  
3                   program for recipients of SNAP benefits.
