8 SYNOPSIS: Under existing law, the Public Service
9 Commission may inspect gas pipeline systems and
10 hazardous liquid pipeline facilities in the state
11 and assess penalties for violations of safety
12 standards.

13 Under existing law, federal regulations also
14 provide safety standards for such systems and for
15 penalties for violations of safety standards.

16 This bill would increase the state penalties
17 for violations of the gas pipeline safety standards
18 and hazardous liquid pipeline facilities so that
19 they conform with the federal penalties.
