8	SYNOPSIS:	Under existing law, an electrical contractor
9		who has taken an examination offered by the board
10		within the preceding 12 months and holds a license
11		or permit issued by a county or municipal
12		government to perform electrical contracting work,
13		is exempt from the Alabama Electrical Contractors
14		Act.
15		This bill would allow any individual who
16		successfully passes a nationally standardized
17		journeyman electrician examination to apply for
18		licensure without further examination requirements.
19		This bill would also delete the requirement
20		that an electrical contractor who holds a license
21		issued by a county or municipal government take an
22		examination offered by the board.
23		
24		A BILL
25		TO BE ENTITLED
26		AN ACT
27		

To amend Sections 34-36-7 and 34-36-16, Code of Alabama 1975, relating to the issuance of licenses under and exemptions from the Alabama Electrical Contractors Act; to allow licensure as a journeyman electrician without further examination requirements for any otherwise qualified individual who successfully passes a nationally standardized journeyman electrician examination; and to delete the requirement that an electrical contractor who holds a license issued by a county or municipal government take an examination offered by the board.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. Sections 34-36-7 and 34-36-16 of the Code of Alabama 1975, are amended to read as follows:

"\$34-36-7.

"(a) All applicants for licensure must submit a completed application, application fee, and supportive documentation of qualifications before taking an examination approved by the board. The board shall examine applicants at least once every three months according to the method deemed by it to be the most appropriate to test the qualifications of applicants. Any national standardized or written examination proctored by an independent third party which the board shall approve as substantially similar to the examination required to be licensed under this chapter may be administered to all applicants in lieu of or in conjunction with any other examination which the board shall give to test the qualifications of applicants. The board shall also have the

right to establish such norms of achievement as shall be
required for a passing grade. The board may, by rule, adopt
the National Electrical Code for the purpose of examinations.

- "(b) The board may recognize a license issued by any other state that, in the opinion of the board, has standards of practice or licensure equal to or higher than those required by this state. The board shall actively seek to reciprocate with those states meeting such standards. The board shall actively seek to maintain those states currently under agreement.
- "(c) No license shall be issued except in compliance with this chapter and none shall be issued except to a person or a person in a firm, partnership, association, or corporation. A firm, partnership, association, or corporation, as such, shall not be licensed. A licensee shall be a citizen of the United States or, if not a citizen of the United States with appropriate documentation from the federal government.
- "(d) An individual who has successfully passed, on or before January 1, 2010, with a minimum score of 70 percent, or an individual who has successfully passed after January 1, 2010, with a minimum score of 75 percent, a nationally standardized proctored electrical examination administered in the State of Alabama, by Block and Associates, International Code Council, Experior, Promissor, Thomson Prometric, PROV, or any other exam approved by the board, shall be deemed to be in compliance with the testing requirement set forth by the board

for licensure as an electrical contractor. Individuals meeting
this qualification shall also be required to complete all
other qualifications set forth by this chapter and the board
prior to issuance of an electrical contractor license.

Electrical contractor applicants affected by this provision
shall have until July 1, 2011, to apply for licensure without

any further examination requirements.

"\$34-36-16.

"(e) An individual who, at a date determined by the board, has successfully passed with a minimum score of 70 percent, a nationally standardized proctored journeyman electrician examination administered in the State of Alabama, by Block and Associates, Southern Building Code Conference

Institute, International Code Council, Experior, Promissor,
Thomson Prometric, PROV, or any other standardized examination approved by the board, shall be deemed to be in compliance with the testing requirement set forth by the board for licensure as a journeyman electrician. Individuals meeting this qualification shall also be required to complete all other qualifications set forth by this chapter and the board prior to issuance of a journeyman electrician license.

"(a) It shall be unlawful for any person to violate any provision of this chapter regulating electrical contracting, and any person convicted of such violation shall

be punished as prescribed for a Class A misdemeanor.

"(b) It shall be unlawful, except as otherwise provided, on or after December 31, 2011, for a person not

licensed as an electrical contractor to solicit, represent,

seek to perform, or perform those tasks and functions that can

only be performed by a licensed electrical contractor in

accordance with this chapter.

"(c) Subsection (b) shall not apply to an electrical contractor who has taken an examination offered by the board within the preceding 12 months, who holds a license or permit issued by a county or municipal government to perform the tasks and functions that can only be performed by a licensed electrical contractor, and who performs those tasks and functions within the boundaries of the county or municipality that issued the license or permit."

Section 2. This act shall become effective immediately following its passage and approval by the Governor, or its otherwise becoming law.
