8 SYNOPSIS: Under existing law, license plates for all
9 vehicles except private passenger automobiles and
10 pickup trucks with a gross vehicle weight under
11 12,000 pounds are valid for one year and are
12 replaced at the end of the period. License plates
13 for private passenger automobiles and pickup trucks
14 with a gross vehicle weight under 12,000 pounds are
15 valid for a period of five years and are replaced
16 at the end of that period.

17 This bill would delete the existing law and
18 would authorize the Commissioner of Revenue to
19 prescribe the number of years motor vehicle license
20 plates designs would be valid, provided that the
21 minimum period would be five years. This bill would
22 allow license plates of the same design to continue
23 to be used and not replaced. This bill would not
24 apply to a license plate with a permanent design,
25 such as a distinctive license plate.
