4 ENGROSSED

5
6
7 A BILL
8 TO BE ENTITLED
9 AN ACT

10
11 Relating to the Medicaid Agency; to amend Section
12 22-6-160 of the Code of Alabama 1975, to provide for the
13 delivery of medical care services to certain elderly and
14 disabled Medicaid beneficiaries on a managed care basis
15 through one or more statewide integrated care networks; and to
16 establish requirements for the governance and operation of the
17 integrated care network.

18 BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

19 Section 1. Section 22-6-160, Code of Alabama 1975,
20 is amended to read as follows:

21 "§22-6-160.

22 "~~(a) The Medicaid Agency, with input from long-term~~
23 ~~care providers, shall conduct an evaluation of the existing~~
24 ~~long-term care system for Medicaid beneficiaries and, on~~
25 ~~October 1, 2015, shall report the findings of the evaluation~~
26 ~~to the Legislature and Governor.~~

1 ~~"(b)~~ The Medicaid Agency shall decide which groups
2 of Medicaid beneficiaries to include for coverage by a
3 regional care organization or alternate care provider. The
4 Medicaid Agency, without the approval of the Governor, shall
5 not make a coverage decision that would affect Medicaid
6 beneficiaries who are directly served by another state agency.

7 ~~"(c) Notwithstanding the above, the current Medicaid~~
8 ~~long-term care programs shall continue as currently~~
9 ~~administered by the Medicaid Agency until the end of the~~
10 ~~fiscal year when the evaluation required in subsection (a) is~~
11 ~~reported to the Legislature and the Governor."~~

12 Section 2. For the purposes of this act, the
13 following words shall have the following meanings:

14 (1) CAPITATION PAYMENT. A payment the state Medicaid
15 Agency makes periodically to the integrated care
16 network on behalf of each recipient enrolled under a contract
17 for the provision of medical services pursuant to this act.

18 (2) COLLABORATOR. A private health carrier, third
19 party purchaser, provider, health care center, health care
20 facility, state and local governmental entity, or other public
21 payers, corporations, individuals, and consumers who are
22 expecting to collectively cooperate, negotiate, or contract
23 with another collaborator, or integrated care network in the
24 health care system.

25 (3) INTEGRATED CARE NETWORK. One or more statewide
26 organizations of health care providers, with offices in each
27 regional care organization region, that contracts with the

1 Medicaid Agency to provide Medicaid benefits to certain
2 Medicaid beneficiaries as defined in subdivision (4) and that
3 meets the requirements set forth in this act. The number of
4 integrated care networks shall be based on actuarial soundness
5 as determined by the Medicaid Agency.

6 (4) MEDICAID BENEFICIARIES. As used in this act,
7 those Medicaid beneficiaries who have been determined eligible
8 for Medicaid benefits in a nursing facility or home and
9 community based waiver programs covered by the Medicaid state
10 plan, who have also been determined by a qualified provider to
11 meet the level of care for skilled nursing facility services,
12 and those Medicaid beneficiaries who are also eligible for
13 Medicare coverage, under Title XVIII of the Social Security
14 Act, and who are assigned by Medicaid to the integrated care
15 network.

16 (5) LONG-TERM CARE SERVICES. Medicaid-funded nursing
17 facility services, home-based and community-based support
18 services, or such other long-term care services as the
19 Medicaid Agency may determine by rule provided to certain
20 Medicaid beneficiaries defined in subdivision (4).

21 (6) MEDICAID AGENCY. The Alabama Medicaid Agency or
22 any successor agency of the state designated as the single
23 state agency to administer the medical assistance program
24 described in Title XIX of the Social Security Act.

25 (7) QUALITY ASSURANCE PROVISIONS. Specifications for
26 assessing and improving the quality of care provided by the
27 integrated care networks.

1 (8) REGIONAL CARE ORGANIZATION. An organization of
2 health care providers that contracts with the Medicaid Agency
3 to provide a comprehensive package of Medicaid benefits to
4 Medicaid beneficiaries in a defined region of the state.

5 (9) RISK CONTRACT. A long-term care contract with a
6 fully certified integrated care network under which the
7 integrated care network assumes risk for the cost of the
8 services covered under the contract and incurs loss if the
9 cost of furnishing the services exceeds the payments under the
10 contract and which is competitively bid or competitively
11 procured.

12 Section 3. (a) An integrated care network shall
13 serve only Medicaid beneficiaries in providing medical care
14 and services. For the purposes of this act, a beneficiary
15 cannot be a member of both an integrated care network and a
16 regional care organization.

17 (b) An integrated care network shall provide
18 required medical care and services to Medicaid beneficiaries
19 and may coordinate care provided by or through an affiliation
20 of other health care providers or other programs as the
21 Medicaid Agency shall determine.

22 (c) Notwithstanding any other provision of law, the
23 integrated care network shall not be deemed an insurance
24 company under state law.

25 (d) (1) An integrated care network shall have a
26 governing board of directors composed of the following
27 members:

1 a. Twelve members shall be persons representing risk
2 bearing participants. A participant bears risk by contributing
3 cash, capital, or other assets to the integrated care network.

4 b. Eight members shall be persons who do not
5 represent a risk bearing participant in the integrated care
6 network and are not employed by a risk bearing participant.

7 c. A majority of the board may not represent a
8 single provider. The Medicaid Agency may promulgate rules
9 providing for the criteria and selection of risk bearing and
10 non-risk bearing participants on the board of directors.

11 (2) Any provider represented on the governing board
12 shall meet licensing requirements set by law, shall have a
13 valid Medicaid provider number, and shall not otherwise be
14 disqualified from participating in Medicare or Medicaid.

15 (3) The Medicaid Agency shall approve the members of
16 the governing board and the board's structure, powers, bylaws,
17 or other rules of procedure. No organization shall be granted
18 integrated care network certification without approval.

19 (4) Any vacancy on the governing board of directors
20 in connection with non-risk bearing directors shall be filled
21 in accordance with rules promulgated by the Medicaid Agency. A
22 vacancy in a board of directors' seat held by a representative
23 of a risk bearing participant as defined herein, shall be
24 filled by a majority vote of the remaining directors of the
25 integrated care network. Notwithstanding other provisions of
26 this subsection, the Medicaid Commissioner shall fill a board
27 seat left vacant for more than three months.

1 (5) All appointing authorities for the governing
2 board shall coordinate their appointments so that diversity of
3 gender, race, and geographical areas is reflective of the
4 makeup of the population served.

5 Section 4. There shall be a citizens' advisory
6 committee constituted to advise the integrated care network on
7 ways the integrated care network may be more efficient in
8 providing quality care to Medicaid beneficiaries. In addition,
9 the advisory committee shall carry out other functions and
10 duties assigned to it by the integrated care network and
11 approved by the Medicaid Agency. The committee shall meet all
12 of the following criteria:

13 (1) Be selected in a method established by the
14 organization seeking to become an integrated care network, or
15 established by an integrated care network, and approved by the
16 Medicaid Agency.

17 (2) At least 20 percent of its members shall be
18 Medicaid beneficiaries or sponsors of Medicaid beneficiaries
19 or, if the organization has been certified as an integrated
20 care network, at least 20 percent of its members shall be
21 Medicaid beneficiaries enrolled in the integrated care
22 network, or their sponsor.

23 (3) Include members who are representatives of
24 organizations that are part of the Disabilities Leadership
25 Coalition of Alabama or Alabama Arise, or their successor
26 organizations, the Alabama chapter of AARP, the Alabama
27 Disability Advocacy Program, the Disability Rights and

1 Resources, The Arc of Alabama, and also include members who
2 are non-at-risk providers that provide services to Medicaid
3 beneficiaries through the integrated care network.

4 (4) Be inclusive and reflect the racial, gender,
5 geographic, and diversity of the population served.

6 (5) Elect a chair.

7 (6) Meet at least every three months.

8 Section 5. (a) An integrated care network shall meet
9 minimum solvency and financial requirements as provided by the
10 Medicaid Agency. The Medicaid Agency shall require the
11 integrated care network, as a condition of certification or
12 continued certification, to maintain minimum solvency and
13 financial reserves. The Medicaid Agency shall hereafter
14 promulgate rules setting forth requirements for minimum
15 solvency, financial reserves, and other financial requirements
16 of an integrated care network based on the number of
17 integrated care networks that may be certified and based on
18 actuarial soundness as determined by the Medicaid Agency. The
19 Medicaid Agency shall allow for the requirements to be met
20 through the submission of an irrevocable letter of credit in
21 an amount equal to the financial reserves that would otherwise
22 be required of the integrated care network, to guarantee the
23 performance of the provisions of the risk contract. If an
24 irrevocable letter of credit is used, it shall be issued by a
25 federally or Alabama state chartered banking institution with
26 assets in excess of four billion dollars (\$4,000,000,000) and
27 in a form approved by the Medicaid Agency. No assets of the

1 integrated care network shall be pledged or encumbered in
2 connection with the irrevocable letter of credit.

3 (b) An integrated care network shall provide
4 financial reports and information as required by the Medicaid
5 Agency.

6 (c) An integrated care network shall report all data
7 as required by the Medicaid Agency, consistent with the
8 federal Health Insurance Portability and Accountability Act
9 (HIPAA).

10 Section 6. (a) Subject to approval of the federal
11 Centers for Medicare and Medicaid Services, the Medicaid
12 Agency shall enter into contracts with one or more integrated
13 care networks to provide, pursuant to a risk contract under
14 which the Medicaid Agency makes a capitated payment, medical
15 care to Medicaid beneficiaries assigned to the integrated care
16 network. The Medicaid Agency may enter into a contract
17 pursuant to this section only if, in the judgment of the
18 Medicaid Agency, care of Medicaid beneficiaries would be
19 better, more efficient, and less costly than under the then
20 existing care delivery system. Pursuant to the contract, the
21 Medicaid Agency shall set capitation payments for the
22 integrated care network.

23 (b) The Medicaid Agency shall enroll beneficiaries
24 it designates into an integrated care network consistent with
25 guidance from the Center for Medicare and Medicaid Services.

26 (c) An integrated care network shall provide
27 applicable Medicaid services to Medicaid enrollees directly or

1 by contract with other providers. An integrated care network
2 shall establish an adequate medical service delivery network
3 as determined by the Medicaid Agency. The Medicaid Agency,
4 pursuant to the Administrative Procedure Act, shall establish
5 by rule the minimum reimbursement rate for providers. The
6 minimum provider reimbursements shall be incorporated into the
7 actuarially sound rate development methodology for an
8 integrated care network. If necessary, the methodology and
9 resulting rates shall be submitted to the Centers for Medicare
10 and Medicaid Services for approval.

11 Section 7. (a) The Medicaid Agency shall establish
12 by rule procedures for safeguarding against wrongful denial of
13 claims and addressing grievances of enrollees in an integrated
14 care network.

15 (b) If a patient or the provider is dissatisfied
16 with the decision of an integrated care network, the patient
17 or provider may file a written notice of appeal to the
18 Medicaid Agency. The Medicaid Agency shall adopt rules
19 governing the appeal, which shall include a full evidentiary
20 hearing and a finding on the record. The Medicaid Agency's
21 decision shall be binding upon the integrated care network.
22 However, a patient or provider may file an appeal in circuit
23 court in the county in which the patient resides, or the
24 county in which the provider provides services.

25 (c) The Medicaid Agency shall by rule establish
26 procedures for addressing grievances and appeals of the
27 integrated care network. The appeal procedure shall include an

1 opportunity for a fair hearing before an impartial hearing
2 officer in accordance with the Administrative Procedure Act,
3 Chapter 22, Title 41, Code of Alabama 1975. The state Medicaid
4 commissioner shall appoint one, or more than one, hearing
5 officer to conduct fair hearings. After each hearing, the
6 findings and recommendations of the hearing officer shall be
7 submitted to the Commissioner, who shall make a final decision
8 for the agency. Judicial review of the final decision of the
9 Medicaid Agency may be sought pursuant to the Administrative
10 Procedure Act. All costs related to development and
11 implementation of the appeal procedure, including the
12 provision of administrative hearings, shall be borne by the
13 Medicaid Agency. The Medicaid Agency shall adopt rules for
14 implementing this subsection in accordance with the
15 Administrative Procedure Act.

16 Section 8. (a) All provider contracts of an
17 organization granted final certification as an integrated care
18 network shall be subject to review and approval of the
19 Medicaid Agency.

20 (b) (1) If a provider is dissatisfied with any term
21 or provision of the agreement or contract offered by an
22 integrated care network, the provider shall:

23 a. Seek redress with the integrated care network. In
24 providing redress, an integrated care network shall afford the
25 provider a review by a panel composed of a representative of
26 an integrated care network, the same type of provider, and a

1 representative of the citizens' advisory board appointed by
2 the chair of the advisory board.

3 b. After seeking redress with an integrated care
4 network, a provider or an integrated care network who remains
5 dissatisfied may request a review of such disputed term or
6 provision by the Medicaid Agency. The Medicaid Agency shall
7 have 10 days to issue, in writing, its decision regarding the
8 dispute.

9 c. If the provider or an integrated care network is
10 dissatisfied with the decision of the Medicaid Agency, the
11 provider or an integrated care network may file an appeal only
12 in the Montgomery County Circuit Court within 30 days of the
13 decision.

14 (c) The Medicaid Agency shall establish by rule
15 requirements by which integrated care networks shall operate.
16 In addition to the foregoing, the Medicaid Agency shall do all
17 of the following:

18 (1) Establish by rule the criteria for certification
19 of an integrated care network.

20 (2) Establish by rule the quality standards and
21 minimum service delivery network requirements for an
22 integrated care network to provide care to Medicaid
23 beneficiaries.

24 (3) Establish by rule and implement quality
25 assurance provisions for an integrated care network.

26 (4) Adopt and implement, at its discretion,
27 requirements for an integrated care network concerning health

1 information technology, data analytics, quality of care, and
2 care quality improvement.

3 (5) Conduct or contract for financial audits of an
4 integrated care network. The audits shall be based on
5 requirements established by the Medicaid Agency by rule or
6 established by law. The audit of an integrated care network
7 shall be conducted at least every three years or more
8 frequently if requested by the Medicaid Agency.

9 (6) Take any other action with respect to an
10 integrated care network as may be required by federal Medicaid
11 regulations or under terms and conditions imposed by the
12 Centers for Medicare and Medicaid Services in order to assure
13 that payments to an integrated care network qualify for
14 federal matching funds.

15 Section 9. (a) The Medicaid Agency shall create a
16 quality assurance committee appointed by the Medicaid
17 Commissioner to review the care rendered through the
18 integrated care networks. The members of the committee shall
19 serve two-year terms. The Medicaid Agency shall promulgate a
20 rule establishing the membership and criteria to serve on the
21 quality assurance committee.

22 (b) The Medicaid Agency shall continuously evaluate
23 the outcome and quality measures adopted by the committee
24 pursuant to this section.

25 (c) The Medicaid Agency shall utilize available data
26 systems for reporting outcome and quality measures adopted by

1 the committee and take actions to eliminate any redundant
2 reporting or reporting of limited value.

3 (d) The Medicaid Agency shall publish the
4 information collected under this section at aggregate levels
5 that do not disclose information otherwise protected by law.
6 The information published shall report all of the following:

7 (1) Quality measures.

8 (2) Costs.

9 (3) Outcomes.

10 (4) Other information, as specified by the contract
11 between the integrated care network and the Medicaid Agency,
12 that is necessary for the Medicaid Agency to evaluate the
13 value of health services delivered by an integrated care
14 network.

15 Section 10. A risk contract between the Medicaid
16 Agency and an integrated care network shall be for two years,
17 with the option for Medicaid to renew the contract for not
18 more than three additional one-year periods. The Medicaid
19 Agency shall obtain provider input and an independent
20 evaluation of the cost savings, patient outcomes, and quality
21 of care provided by an integrated care network, and obtain the
22 results of an integrated care network's evaluation in time to
23 use the findings to decide whether to enter into another
24 multi-year contract with the integrated care networks or
25 change the Medicaid care delivery system associated with an
26 integrated care network.

1 Section 11. (a) The Medicaid Agency shall establish
2 by rule the procedure for the termination of an integrated
3 care network certification for non-performance of contractual
4 duty or for failure to meet or maintain standards or
5 requirements provided by this act or established by the
6 Medicaid Agency as required by this act.

7 (b) Termination of an integrated care network
8 certification shall follow the standard administrative process
9 with the right to a hearing before a hearing officer appointed
10 by the Medicaid Agency.

11 Section 12. An integrated care network shall
12 contract with any willing nursing home, doctor, home and
13 community waiver program or other provider to provide services
14 through an integrated care network if the provider is willing
15 to accept the payments and terms offered comparable providers,
16 where applicable, but in no event less than amounts
17 historically paid by the Medicaid Agency to comparable
18 providers. To the extent that the Medicaid Agency currently
19 calculates and establishes provider-specific rates for any
20 provider category on an annualized basis, it shall continue to
21 calculate and establish such rates and the integrated care
22 network shall be required to offer providers from that
23 category not less than their established rates. Any provider
24 shall meet licensing requirements set by law, shall have a
25 Medicaid provider number, and shall not otherwise be
26 disqualified from participating in Medicare or Medicaid.

1 Section 13. (a) The following timeline applies to
2 implementation of this act:

3 (1) Not later than April 1, 2017, the Medicaid
4 Agency shall establish integrated care network rules setting
5 forth solvency, governing board, network, and active
6 supervision requirements, as well as other requirements of the
7 Medicaid Agency.

8 (2) Not later than April 1, 2018, Medicaid Agency
9 will initiate competitive procurement for the services of
10 integrated care network or networks.

11 (3) Not later than October 1, 2018, one or more
12 integrated care networks certified by the Medicaid Agency
13 shall begin to deliver services pursuant to a risk bearing
14 contract.

15 Section 14. (a) The Medicaid Agency shall determine
16 by rule which groups of Medicaid beneficiaries to include for
17 coverage by an integrated care network. The Medicaid Agency,
18 without the approval of the Governor, shall not make a
19 coverage decision that would affect Medicaid beneficiaries who
20 are directly served by another state agency.

21 (b) Notwithstanding subsection (a), the current
22 Medicaid long-term care programs shall continue as currently
23 administered by the Medicaid Agency until one or more
24 integrated care networks are fully operational and has entered
25 into a risk contract as provided herein.

26 Section 15. (a) The Legislature declares that
27 collaboration among public payers, private health carriers,

1 third party purchasers, and providers to identify appropriate
2 service delivery systems and reimbursement methods in order to
3 align incentives in support of integrated and coordinated
4 health care delivery is in the best interest of the public.
5 Collaboration pursuant to this act is to provide quality
6 health care at the lowest possible cost to Alabama citizens
7 who are Medicaid eligible. The Legislature, therefore,
8 declares that this health care delivery system affirmatively
9 contemplates the foreseeable displacement of competition, such
10 that any anti-competitive effect may be attributed to the
11 state's policy to displace competition in the delivery of a
12 coordinated system of health care for the public benefit. In
13 furtherance of this goal, the Legislature declares its intent
14 to exempt from state anti-trust laws, and provide immunity
15 from federal anti-trust laws through the state action doctrine
16 to, collaborators, regional care organizations, the integrated
17 care networks, and contractors that are carrying out the
18 state's policy and regulatory program of health care delivery
19 pursuant to this act.

20 (b) The Medicaid Agency shall promulgate rules to
21 carry out the provisions of this section.

22 (c) Collaborators shall apply with the Medicaid
23 Agency for a certificate in order to collaborate with other
24 entities, individuals, integrated care networks, or regional
25 care organizations. The applicant shall describe what entities
26 and persons with whom the applicant intends on collaborating
27 or negotiating, the expected effects of the negotiated

1 contract, and any other information the Medicaid Agency deems
2 fit. The applicant shall certify that the bargaining is in
3 good faith and necessary to meet the legislative intent stated
4 herein. Before commencing cooperation or negotiations
5 described in this section, an entity or individual shall
6 possess a valid certificate.

7 (1) Upon a sufficient showing that the collaboration
8 is in order to facilitate the development and establishment of
9 an integrated care network or health care payment reforms, the
10 Medicaid Agency shall issue a certificate allowing the
11 collaboration.

12 (2) A certificate shall allow collective
13 negotiations, bargaining, and cooperation among collaborators
14 and the integrated care networks.

15 (d) All agreements and contracts of an integrated
16 care network shall be subject to review and approval by the
17 Medicaid Agency.

18 (e) If collaborators or the integrated care network
19 are unable to reach an agreement, they may request that the
20 Medicaid Agency intervene and facilitate negotiations.

21 (f) Notwithstanding any other law, the Medicaid
22 Commissioner or any designee of the commissioner may engage in
23 any other appropriate state supervision necessary to promote
24 state action immunity under state and federal anti-trust laws,
25 and may inspect or request additional documentation to verify
26 that the Medicaid laws are implemented in accordance with the
27 legislative intent.

1 (g) The Medicaid Commissioner may convene
2 collaborators and an integrated care network to facilitate the
3 development and establishment of an integrated care network
4 and health care payment reforms.

5 (h) The Medicaid Agency may do any or all of the
6 following:

7 (1) Conduct a survey of the entities and individuals
8 concerning payment and delivery reforms.

9 (2) Collect information from other persons to assist
10 in evaluating the impact of any proposed agreement on the
11 health care marketplace.

12 (3) Convene meetings at a time and place that is
13 convenient for the entities and individuals.

14 (i) To the extent the collaborators and an
15 integrated care network are participating in good faith
16 negotiations, cooperation, bargaining, or contracting in ways
17 that support the intent of establishment of one or more
18 integrated care networks or other health care payment reforms,
19 those state-authorized collaborators and the integrated care
20 network shall be exempt from the anti-trust laws under the
21 state action immunity doctrine.

22 (j) All reports, notes, documents, statements,
23 recommendations, conclusions, or other information submitted
24 pursuant to this section, or created pursuant to this section,
25 shall be privileged and confidential, and shall only be used
26 in the exercise of the proper functions of the Medicaid
27 Agency. These confidential records shall not be public records

1 and shall not be subject to disclosure except under HIPAA. Any
2 information subject to civil discovery or production shall be
3 protected by a confidentiality agreement or order. Nothing
4 contained herein shall apply to records made in the ordinary
5 course of business of an individual, corporation, or entity.
6 Documents otherwise available from original sources are not to
7 be construed as immune from discovery or used in any civil
8 proceedings merely because they were submitted pursuant to
9 this section. Nothing in this act shall prohibit the
10 disclosure of any information that is required to be released
11 to the United States government or any subdivision thereof.
12 The Medicaid Agency, in its sole discretion, but with input
13 from potential collaborators, may promulgate rules to make
14 limited exceptions to this immunity and confidentiality for
15 the disclosure of information. The exceptions created by the
16 Medicaid Agency shall be narrowly construed.

17 (k) The Medicaid Agency shall actively monitor
18 activities and agreements approved under this act to ensure
19 that a collaborator's or integrated care network's performance
20 under the agreement remains in compliance with the conditions
21 of approval. Upon request and not less than annually, a
22 collaborator or integrated care network shall provide
23 information regarding agreement compliance. The Medicaid
24 Agency may revoke the agreement upon a finding that
25 performance pursuant to the agreement is not in substantial
26 compliance with the terms of the contract. Any entity or
27 individual aggrieved by any final decision regarding contracts

1 under this section that are approved by the Medicaid Agency,
2 or presented to the Medicaid Agency, may take direct judicial
3 appeal as provided for judicial review of final decisions in
4 the Administrative Procedure Act.

5 Section 16. Any participant in the integrated care
6 network system receiving long term care services shall be
7 offered information regarding advance directive for health
8 care options consistent with applicable Alabama state law.

9 Section 17. The Medicaid Agency shall adopt rules
10 necessary to implement this act and to administer the Medicaid
11 Program as provided in this act in a manner consistent with
12 state and federal law, as well as any State Plan or State Plan
13 Waiver approved by the Centers for Medicare and Medicaid
14 Services.

15 Section 18. All laws or parts of laws which conflict
16 with this act are repealed. Notwithstanding the above, it is
17 expressly declared that the provisions of Sections 2 to 16,
18 inclusive, of this act apply only to long-term care and
19 integrated care networks as provided for in those sections.
20 Therefore, Sections 2 to 16, inclusive, of this act shall not
21 be construed to be in conflict with or to amend, repeal, or
22 modify any other provisions of Sections 22-6-150 to 22-6-164,
23 inclusive, Code of Alabama 1975, that do not expressly deal
24 with long-term care, nor any laws and regulations that deal
25 with care provided by regional care organizations or
26 alternative care providers.

1 Section 19. Any other provision of law to the
2 contrary notwithstanding, integrated care networks as defined
3 in this act are exempt from the payment of any and all state,
4 county, and municipal license fees, including any business
5 privilege or license tax heretofore or hereafter levied by the
6 State of Alabama or any county or municipality thereof. The
7 exemptions provided by this section shall not extend to the
8 individual health care providers who are members of the
9 integrated care networks.

10 Section 20. This act shall become effective
11 immediately following its passage and approval by the
12 Governor, or its otherwise becoming law.
