

FISCAL NOTE

Senate Bill 155

Committee: Health

Sponsor: Senator April Weaver

Analyst: Tiffany Weaver

Date: 04/28/2023

Senate Bill 155 as passed the Senate would allow the Board of Medical Examiners to issue permits to a bridge year graduate physician to practice medicine under the supervision of a licensed physician. This bill would increase the administrative obligations of the Board by an estimated maximum of \$2,500 for the first year, and decreasing substantially thereafter, to establish a standing working group to draft qualifications and rules for this permit. However, the increased obligations would be offset, in whole or in part, by the collection of application and renewal permit fees, in amounts established by board rule.
