Senate Bill 246

Committee: Finance and Taxation General Fund Sponsor: Senator Arthur Orr

Analyst: Tiffany Weaver

Date: 04/02/2025

Senate Bill 246 as introduced would increase the administrative obligations of the Department of Human Resources by a department estimated \$14 million for the anticipated increase in determining eligibility for SNAP benefits. In addition, this bill could decrease enrollment in SNAP by an undetermined amount dependent upon the number of households receiving SNAP benefits based upon categorical eligibility that may no longer qualify for the SNAP benefits.
