§34-34B-4. Compact Privilege.

SB207 INTRODUCED

(a) To exercise the compact privilege under the terms and provisions of the compact, the licensee shall do all of the following:

(1) The licensee must do one of the following:

a. Hold a valid current registration that gives the applicant the right to use the term "registered dietitian."

b. Complete all of the following:

1. An education program which is either:

(i) A master's degree or doctoral degree that is programatically accredited by ACEND or any other dietetics accrediting agency recognized by the United States Department of Education, which the compact commission may determine by rule, and from a college or university accredited at the time of graduation by the appropriate regional accrediting agency recognized by the Council on Higher Education Accreditation and the United States Department of Education.

(ii) An academic degree from a college or university in a foreign country equivalent to the degree described in Item (i) that is programmatically accredited by ACEND or any other dietetics accrediting agency recognized by the United States Department of Education, which the compact commission may determine by rule.

2. A planned, documented, and supervised practice experience in dietetics that is programmatically accredited by ACEND or any other dietetics accrediting agency recognized by the United States Department of Education which the compact commission may determine by rule and which involves at least 1000 hours of practice experience under the supervision of a

SB207 INTRODUCED

registered dietitian or a licensed dietitian.

3. Successful completion of either the Registration Examination for Dietitians administered by CDR or a national credentialing examination for dietitians approved by the compact commission by rule; provided, the completion must be no more than five years prior to the date of the licensee's application for initial licensure and accompanied by a period of continuous licensure thereafter, all of which may be further governed by the rules of the compact commission.

(3) Notify the compact commission that the licensee is seeking a compact privilege within one or more remote states.

(4) Pay any applicable fees, including any state fee, for the compact privilege.

(5) Meet any jurisprudence requirements established by the remote state in which the licensee is seeking a compact privilege.

(6) Report to the compact commission any adverse action, encumbrance, or restriction on a license taken by any non-member state within 30 days from the date the action is taken.

(b) The compact privilege is valid until the expiration date of the home state license. To maintain a compact privilege, renewal of the compact privilege shall be congruent with the renewal of the home state license as the compact commission may define by rule. The licensee must comply with the requirements of subsection (a) to maintain the compact privilege in the remote state.

SB207 INTRODUCED

(c) A licensee exercising a compact privilege shall adhere to the laws and rules of the remote state. Licensees shall be responsible for educating themselves on, and complying with, any and all state laws relating to the practice of dietetics in the remote state.

(d) Notwithstanding anything to the contrary provided in this compact or state law, a licensee exercising a compact privilege shall not be required to complete continuing education requirements required by a remote state. A licensee exercising a compact privilege is only required to meet any continuing education requirements as required by the home state.

§34-34B-5. Obtaining a New Home State License Based on a Compact Privilege.

(1) The licensee shall file an application for obtaining a new home state license based on a compact privilege, pay all applicable fees, and notify the current and new home state in accordance with the rules of the compact commission.

(2) Upon receipt of an application for obtaining a new home state license by virtue of a compact privilege, the new home state shall verify that the licensee meets the criteria in Section 34-34B-4 via the data system and require that the

SB207 INTRODUCED

licensee complete all of the following:

a. Federal Bureau of Investigation fingerprint-based criminal history record information check.

b. Any other criminal history record information required by the new home state.

c. Any jurisprudence requirements of the new home state.

(3) The former home state shall convert the former home state license into a compact privilege once the new home state has activated the new home state license in accordance with applicable rules adopted by the compact commission.

(4) Notwithstanding any other provision of this compact, if the licensee cannot meet the criteria in Section 34-34B-4, the new home state may apply its requirements for issuing a new single-state license.

(5) The licensee shall pay all applicable fees to the new home state in order to be issued a new home state license.

(c) If a licensee changes his or her state of residence by moving from a member state to a non-member state, or from a non-member state to a member state, the state criteria shall apply for issuance of a single state license in the new state.

(d) Nothing in this compact shall interfere with a licensee's ability to hold a single-state license in multiple states; however, for the purposes of this compact, a licensee shall have only one home state license.

(e) Nothing in this compact shall affect the requirements established by a member state for the issuance of a single-state license.

SB207 INTRODUCED

§34-34B-6. Active Military Members or Their Spouses.

An active military member, or his or her spouse, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty.

§34-34B-7. Adverse Actions.

(a) In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to do both of the following:

(1) Take adverse action against a licensee's compact privilege within that member state.

(2) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing authority in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure applicable to subpoenas issued in proceedings pending before that court. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(b) Only the home state shall have the power to take adverse action against a licensee's home state license.

(c) For purposes of taking adverse action, the home

SB207 INTRODUCED

state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(d) The home state shall complete any pending investigations of a licensee who changes home states during the course of the investigations. The home state shall also have authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the data system shall promptly notify the new home state of any adverse actions.

(e) A member state, if otherwise permitted by state law, may recover from the affected licensee the costs of investigations and dispositions of cases resulting from any adverse action taken against that licensee.

(f) A member state may take adverse action based on the factual findings of another remote state, provided that the member state follows its own procedures for taking the adverse action.

(g) Joint investigations.

(1) In addition to the authority granted to a member state by its respective state law, any member state may participate with other member states in joint investigations of licensees.

(2) Member states shall share any investigative, litigation, or compliance materials in furtherance of any

SB207 INTRODUCED

393 joint investigation initiated under the compact.

394 (h) If adverse action is taken by the home state
395 against a licensee's home state license resulting in an
396 encumbrance on the home state license, the licensee's compact
397 privilege in all other member states shall be revoked until
398 all encumbrances have been removed from the home state
399 license. All home state disciplinary orders that impose
400 adverse action against a licensee shall include a statement
401 that the licensee's compact privileges are revoked in all
402 member states during the pendency of the order.

403 (i) Once an encumbered license in the home state is
404 restored to an unencumbered license, as certified by the home
405 state's licensing authority, the licensee must meet the
406 requirements of Section 34-34B-4(a) and follow the
407 administrative requirements to reapply to obtain a compact
408 privilege in any remote state.

409 (j) If a member state takes adverse action, it shall
410 promptly notify the administrator of the data system. The
411 administrator of the data system shall promptly notify the
412 other member states of any adverse actions.

413 (k) Nothing in this compact shall override a member
414 state's decision that participation in an alternative program
415 may be used in lieu of adverse action.

416 §34-34B-8. Establishment of the Dietitian Licensure
417 Compact Commission.

418 (a) The compact member states hereby create and
419 establish a joint governmental agency whose membership

the claim is made had a reasonable basis for believing occurred within the scope of compact commission employment, duties, or responsibilities; provided, that nothing in this subdivision shall be construed to protect any individual from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that individual. The procurement of insurance of any type by the compact commission shall not in any way compromise or limit the immunity granted under this subsection.

(2) The compact commission shall defend any member, officer, executive director, employee, and representative of the compact commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of compact commission employment, duties, or responsibilities, or as determined by the compact commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of compact commission employment, duties, or responsibilities; provided, that nothing in this subdivision shall be construed to prohibit that individual from retaining his or her own counsel at his or her own expense; and provided further, that the actual or alleged act, error, or omission did not result from that individual's intentional, willful, or wanton misconduct.

(3) The compact commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the compact commission for the amount of any settlement or judgment obtained against that individual

arising out of any actual or alleged act, error, or omission that occurred within the scope of compact commission employment, duties, or responsibilities, or that such individual had a reasonable basis for believing occurred within the scope of compact commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that individual.

(4) Nothing in this subsection shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

(5) Nothing in this compact shall be interpreted to waive or otherwise abrogate a member state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or rule.

(6) Nothing in this compact shall be construed to be a waiver of sovereign immunity by the member states or by the compact commission.

§34-34B-9. Data System.

(a) The compact commission shall provide for the development, maintenance, operation, and utilization of a coordinated data system.

(b) The compact commission shall assign each applicant for a compact privilege a unique identifier, as determined by the rules.

SB207 INTRODUCED

(c) Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable as required by the rules of the compact commission, including all of the following:

(1) Identifying information.

(2) Licensure data.

(3) Adverse actions against a license or compact privilege and information related thereto.

(4) Nonconfidential information related to alternative program participation, the beginning and ending dates of participation, and other information related to participation not made confidential under member state law.

(5) Any denial of application for licensure, and the reason or reasons for the denial.

(6) The presence of current significant investigative information.

(7) Other information that may facilitate the administration of this compact or the protection of the public, as determined by the rules of the compact commission.

(d) The records and information provided to a member state pursuant to this compact or through the data system, when certified by the compact commission or its agent, shall constitute the authenticated business records of the compact commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a member state.

(e) Current significant investigative information

SB207 INTRODUCED

pertaining to a licensee in any member state will only be available to other member states.

(f) It is the responsibility of the member states to report any adverse action against a licensee and to monitor the data system to determine whether any adverse action has been taken against a licensee. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(g) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(h) Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the member state contributing the information shall be removed from the data system.

§34-34B-10. Rulemaking.

(a) The compact commission shall adopt reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of this compact. A rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the compact commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the compact, or the powers granted under the contract, or based upon another applicable standard of review.

(b) The rules of the compact commission shall have the force of law in each member state; provided, however, that

SB207 INTRODUCED

785 where the rules conflict with the laws or rules of a member
786 state that relate to the procedures, actions, and processes a
787 licensed dietitian is permitted to undertake in that state and
788 the circumstances under which he or she may do so, as held by
789 a court of competent jurisdiction, the rules of the compact
790 commission shall be ineffective in that state to the extent of
791 the conflict.

792 (c) The compact commission shall exercise its
793 rulemaking powers pursuant to the criteria set forth in this
794 section and the rules adopted thereunder. Rules shall become
795 binding on the day following adoption or as of the date
796 specified in the rule or amendment, whichever is later.

797 (d) If a majority of the legislatures of the member
798 states rejects a rule or portion of a rule, by enactment of a
799 statute or resolution in the same manner used to adopt the
800 compact within four years of the date of adoption of the rule,
801 then the rule shall have no further force and effect in any
802 member state.

803 (e) Rules shall be adopted at a regular or special
804 meeting of the compact commission.

805 (f) Prior to adoption of a proposed rule, the compact
806 commission shall hold a public hearing and allow persons to
807 provide oral and written comments, data, facts, opinions, and
808 arguments.

809 (g) Prior to adoption of a proposed rule by the compact
810 commission, and at least 30 days in advance of the meeting at
811 which the compact commission will hold a public hearing on the
812 proposed rule, the compact commission shall provide a notice

SB207 INTRODUCED

813 of proposed rulemaking:

814 (1) On the website of the compact commission or other
815 publicly accessible platform.

816 (2) To individuals who have requested notice of the
817 compact commission's notices of proposed rulemaking.

818 (3) In such other ways as the compact commission may
819 specify by rule.

820 (h) The notice of proposed rulemaking shall include all
821 of the following:

822 (1) The time, date, and location of the public hearing
823 at which the compact commission will hear public comments on
824 the proposed rule and, if different, the time, date, and
825 location of the meeting where the compact commission will
826 consider and vote on the proposed rule.

827 (2) If the hearing is held via telecommunication, video
828 conference, or other means of communication, the compact
829 commission shall include the mechanism for access to the
830 hearing in the notice of proposed rulemaking.

831 (3) The text of the proposed rule and the reason
832 supporting it.

833 (4) A request for comments on the proposed rule from
834 any interested person.

835 (5) The manner in which interested persons may submit
836 written comments.

837 (i) All hearings shall be recorded. A copy of the
838 recording and all written comments and documents received by
839 the compact commission in response to the proposed rule shall
840 be available to the public.

SB207 INTRODUCED

(j) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the compact commission at hearings required by this section.

(k) The compact commission, by majority vote of all members, shall take final action on the proposed rule based on the rulemaking record and the full text of the rule.

(1) The compact commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

(2) The compact commission shall provide an explanation of the reasons for substantive changes made to the proposed rule, as well as reasons for substantive changes not made that were recommended by commenters.

(3) The compact commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in subsection (1), the effective date of the rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the rule.

(1) Upon determination that an emergency exists, the compact commission may consider and adopt an emergency rule with 24-hours' notice, with opportunity to comment; provided, that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to do all of the following:

SB207 INTRODUCED

869 (1) Meet an imminent threat to public health, safety,
870 or welfare.

871 (2) Prevent a loss of compact commission or member
872 state funds.

873 (3) Meet a deadline for the adoption of a rule that is
874 established by federal law or rule.

875 (4) Protect public health and safety.

876 (m) The compact commission or an authorized committee
877 of the compact commission may direct revision to a previously
878 adopted rule for purposes of correcting typographical errors,
879 errors in format, errors in consistency, or grammatical
880 errors. Public notice of any revision shall be posted on the
881 website of the compact commission. The revision shall be
882 subject to challenge by any person for a period of 30 days
883 after posting. The revision may be challenged only on grounds
884 that the revision results in a material change to a rule. A
885 challenge shall be made in writing and delivered to the
886 compact commission prior to the end of the notice period. If
887 no challenge is made, the revision will take effect without
888 further action. If the revision is challenged, the revision
889 may not take effect without the approval of the compact
890 commission.

891 (n) No member state's rulemaking requirements shall
892 apply under this compact.

893 §34-34B-11 Oversight, Dispute Resolution, and
894 Enforcement.

895 (a) Oversight.

896 (1) The executive and judicial branches of state

SB207 INTRODUCED

government in each member state shall enforce this compact and take all actions necessary and appropriate to implement this compact.

(2) Except as otherwise provided in this compact, venue is proper and judicial proceedings by or against the compact commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the compact commission is located. The compact commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing in this section shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any similar matter.

(3) The compact commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the compact commission service of process shall render a judgment or order void as to the compact commission, this compact, or adopted rules.

(b) Default, technical assistance, and termination.

(1) If the compact commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the adopted rules, the compact commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default, any other

SB207 INTRODUCED

925 action that the compact commission may take, and shall offer
926 training and specific technical assistance regarding the
927 default.

928 (2) The compact commission shall provide a copy of the
929 notice of default to the other member states.

930 (c) If a state in default fails to cure the default,
931 the defaulting state may be terminated from the compact upon
932 an affirmative vote of a majority of the delegates of the
933 member states, and all rights, privileges, and benefits
934 conferred on that state by this compact may be terminated on
935 the effective date of termination. A cure of the default does
936 not relieve the offending state of obligations or liabilities
937 incurred during the period of default.

938 (d) Termination of membership in the compact shall be
939 imposed only after all other means of securing compliance have
940 been exhausted. Notice of intent to suspend or terminate shall
941 be given by the compact commission to the governor, the
942 majority and minority leaders of the defaulting state's
943 legislature, the defaulting state's licensing authority, and
944 each of the member states' licensing authority.

945 (e) A state that has been terminated is responsible for
946 all assessments, obligations, and liabilities incurred through
947 the effective date of termination, including obligations that
948 extend beyond the effective date of termination.

949 (f) Upon the termination of a state's membership from
950 this compact, that state shall immediately provide notice to
951 all licensees within that state of such termination. The
952 terminated state shall continue to recognize all compact

SB207 INTRODUCED

953 privileges granted pursuant to this compact for a minimum of
954 six months after the date of the notice of termination.

955 (g) The compact commission shall not bear any costs
956 related to a state that is found to be in default or that has
957 been terminated from the compact, unless agreed upon in
958 writing between the compact commission and the defaulting
959 state.

960 (h) The defaulting state may appeal the action of the
961 compact commission by petitioning the United States District
962 Court for the District of Columbia or the federal district
963 where the compact commission has its principal offices. The
964 prevailing party shall be awarded all costs of litigation,
965 including reasonable attorney fees.

966 (i) Dispute resolution.

967 (1) Upon request by a member state, the compact
968 commission shall attempt to resolve disputes related to the
969 compact that arise among member states and between member and
970 non-member states.

971 (2) The compact commission shall adopt a rule providing
972 for both mediation and binding dispute resolution for disputes
973 as appropriate.

974 (j) Enforcement.

975 (1) By super majority vote, the compact commission may
976 initiate legal action against a member state in default in the
977 United States District Court for the District of Columbia or
978 the federal district where the compact commission has its
979 principal offices to enforce compliance with the provisions of
980 the compact and its adopted rules. The relief sought may

SB207 INTRODUCED

include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the compact commission. The compact commission may pursue any other remedies available under federal or the defaulting member state's law.

(2) A member state may initiate legal action against the compact commission in the United States District Court for the District of Columbia or the federal district where the compact commission has its principal offices to enforce compliance with the provisions of the compact and its adopted rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

(3) No party other than a member state shall enforce this compact against the compact commission.

§34-34B-12. Effective Date, Withdrawal, and Amendment.

(a) The compact shall come into effect on the date on which the compact statute is enacted into law in the seventh member state.

(1) On or after the effective date of the compact, the compact commission shall convene and review the enactment of each of the first seven member states referred to as "charter member states", to determine if the statute enacted by each such charter member state is materially different than the model compact statute.

SB207 INTRODUCED

1009 a. A charter member state whose enactment is found to
1010 be materially different from the model compact statute shall
1011 be entitled to the default process set forth in Section
1012 34-34B-11.

1013 b. If any member state is later found to be in default,
1014 is terminated, or withdraws from the compact, the compact
1015 commission shall remain in existence and the compact shall
1016 remain in effect even if the number of member states should be
1017 less than seven.

1018 (2) Member states enacting the compact subsequent to
1019 the seven initial charter member states shall be subject to
1020 the process set forth in Section 34-34B-8(c)(21) to determine
1021 if their enactments are materially different from the model
1022 compact statute and whether they qualify for participation in
1023 the compact.

1024 (3) All actions taken for the benefit of the compact
1025 commission or in furtherance of the purposes of the
1026 administration of the compact prior to the effective date of
1027 the compact or the compact commission coming into existence
1028 shall be considered to be actions of the compact commission
1029 unless specifically repudiated by the compact commission.

1030 (4) Any state that joins the compact subsequent to the
1031 compact commission's initial adoption of the rules and bylaws
1032 shall be subject to the rules and bylaws as they exist on the
1033 date on which the compact becomes law in that state. Any rule
1034 that has been previously adopted by the compact commission
1035 shall have the full force and effect of law on the day the
1036 compact becomes law in that state.

SB207 INTRODUCED

1037 (b) Any member state may withdraw from this compact by
1038 enacting a statute to repeal it.

1039 (1) A member state's withdrawal shall not take effect
1040 until 180 days after enactment of the repealing statute.

1041 (2) Withdrawal shall not affect the continuing
1042 requirement of the withdrawing state's licensing authority to
1043 comply with the investigative and adverse action reporting
1044 requirements of this compact prior to the effective date of
1045 withdrawal.

1046 (3) Upon the enactment of a state withdrawing from this
1047 compact, a state shall immediately provide notice of the
1048 withdrawal to all licensees within that state. Notwithstanding
1049 any subsequent statutory enactment to the contrary, the
1050 withdrawing state shall continue to recognize all compact
1051 privileges granted pursuant to this compact for a minimum of
1052 180 days after the date of such notice of withdrawal.

1053 (c) Nothing contained in this compact shall be
1054 construed to invalidate or prevent any licensure agreement or
1055 other cooperative arrangement between a member state and a
1056 non-member state that does not conflict with the provisions of
1057 this compact.

1058 (d) This compact may be amended by the member states.
1059 No amendment to this compact shall become effective and
1060 binding upon any member state until it is enacted into the
1061 laws of all member states.

1062 §34-34B-13. Construction and Severability.

1063 (a) This compact and the compact commission's
1064 rulemaking authority shall be liberally construed so as to

SB207 INTRODUCED

1065 effectuate the purposes, implementation, and administration of
1066 the compact. Provisions of the compact expressly authorizing
1067 or requiring the adoption of rules shall not be construed to
1068 limit the compact commission's rulemaking authority solely for
1069 those purposes.

1070 (b) The provisions of this compact shall be severable
1071 and if any phrase, clause, sentence, or provision of this
1072 compact is held by a court of competent jurisdiction to be
1073 contrary to the constitution of any member state, a state
1074 seeking participation in the compact, or of the United States,
1075 or the applicability to any government, agency, person, or
1076 circumstance is held to be unconstitutional by a court of
1077 competent jurisdiction, the validity of the remainder of this
1078 compact and the applicability to any other government, agency,
1079 person, or circumstance shall not be affected.

1080 (c) Notwithstanding subsection (b), the compact
1081 commission may deny a state's participation in the compact or,
1082 in accordance with the requirements of Section 34-34B-11(b),
1083 terminate a member state's participation in the compact, if it
1084 determines that a constitutional requirement of a member state
1085 is a material departure from the compact. Otherwise, if this
1086 compact shall be held to be contrary to the constitution of
1087 any member state, the compact shall remain in full force and
1088 effect as to the remaining member states and in full force and
1089 effect as to the member state affected as to all severable
1090 matters.

1091 §34-34B-14. Consistent Effect and Conflict With Other
1092 State Laws.

SB207 INTRODUCED

1093 (a) Nothing in this compact shall prevent or inhibit
1094 the enforcement of any other law of a member state that is not
1095 inconsistent with the compact.

1096 (b) Any laws, statutes, rules, or other legal
1097 requirements in a member state in conflict with the compact
1098 are superseded to the extent of the conflict.

1099 (c) All permissible agreements between the compact
1100 commission and the member states are binding in accordance
1101 with their terms.

1102 §34-34B-15. Judicial Proceedings by Individuals.

1103 Except as to judicial proceedings for the enforcement
1104 of this compact among member states, individuals may pursue
1105 judicial proceedings related to this compact in any Alabama
1106 state or federal court that would otherwise have competent
1107 jurisdiction.

1108 Section 2. This act shall become effective on October
1109 1, 2024.
