4. Utilizes trained and licensed medical professionals to perform any available medical procedures.

(c)(1) The tax credit authorized in this section shall be available to both of the following:

a. A taxpayer who is an individual taxpayer, except that a husband and wife who file separate returns for a taxable year in which they could have filed a joint return may each claim only one-half of the tax credit that would have been allowed for a joint return.

b. A taxpayer who is a business enterprise engaged in commercial, industrial, or professional activities and

operating as a corporation, limited liability company, partnership, or sole proprietorship.

(2) Except as otherwise provided in this section, a credit is allowed against the state income tax imposed by Section 40-18-2, Code of Alabama 1975, for voluntary cash contributions made by a taxpayer during the taxable year to an eligible charitable organization. The amount of credit that may be claimed by a taxpayer in a taxable year shall not exceed 50 percent of the total state income tax liability of the taxpayer. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five consecutive years from the close of the tax year in which the credits were earned.

HB356 INTRODUCED

(2) The eligible charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include all of the following:

a. Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code.

b. A statement that the organization does not provide, pay for, refer for, promote or provide coverage of drug induced or surgical abortions and does not financially or otherwise support, partner with, or affiliate with any other entity that provides, pays for, refers for, promotes or provides coverage of abortions, including nonsurgical abortions and abortifacients.

c. A statement that the organization maintains its principal office or presence in this state and that at least 50 percent of its clients claim to be residents of this state.

(f) The department shall review each written certification and determine whether the organization meets all the criteria to be considered an eligible charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of eligible charitable organizations.

(g) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation, or other similar pass-through entity, shall be allocated among all partners, members, or shareholders,

113 respectively, either in proportion to their ownership interest
114 in such entity or as the partners, members, or shareholders
115 mutually agree as provided in an executed document.

116 (h) A taxpayer shall apply for credits with the
117 department on forms prescribed by the department. In the
118 application, the taxpayer shall certify to the department the
119 dollar amount of the contributions made or to be made during
120 the calendar year. Within 30 days after the receipt of an
121 application, the department shall allocate credits based on
122 the dollar amount of contributions as certified in the
123 application. However, if the department cannot allocate the
124 full amount of credits certified in the application due to the
125 limit on the aggregate amount of credits that may be awarded
126 under this section in a calendar year, the department shall so
127 notify the applicant within 30 days with the amount of
128 credits, if any, that may be allocated to the applicant in the
129 calendar year. Once the department has allocated credits to a
130 taxpayer, if the contribution for which a credit is allocated
131 has not been made as of the date of the allocation, then the
132 contribution must be made not later than 90 days from the date
133 of the allocation. If the contribution is not made within such
134 time period, the allocation shall be cancelled and returned to
135 the department for reallocation. Upon final documentation of
136 the contributions, if the actual dollar amount of the
137 contributions is lower than the amount estimated, the
138 department shall adjust the tax credit allowed under this
139 section.

140 (i) The aggregate amount of tax credits that may be

141 allocated by the department under this section during a
142 calendar year shall not exceed ten million dollars
143 (\$10,000,000). No more than 50 percent of the total amount of
144 credits provided for by this section may be allocated for
145 contributions to a single eligible charitable organization
146 during a calendar year.

147 (j) The department may enact rules as necessary to
148 implement and administer the provisions of this section.

149 (k) The tax credits allowed under this section shall be
150 effective January 1, 2025, for the 2025 tax year and shall
151 continue through the 2029 tax year, unless extended by act of
152 the Legislature.

153 Section 2. This act shall become effective on January
154 1, 2025.
