6 First Read: 05-Feb-26

4 SYNOPSIS:

5 The Public Service Commission regulates certain
6 utilities in the state. The commission is comprised of
7 three members who are elected at-large.

8 This bill would provide that following the terms
9 of the members serving immediately after the November
10 2026 General Election, the members shall be appointed
11 by the Governor, Speaker of the House of
12 Representatives, and President Pro Tempore of the
13 Senate, subject to confirmation by the Senate.

14 This bill would provide further for the
15 qualifications of commissioners.

16 Under existing law, commissioners are prohibited
17 from taking certain actions that would result in a
18 conflict of interest with a utility that the commission
19 regulates.

20 This bill would extend the prohibition to
21 include actions that would result in a conflict of
22 interest with a nonutility entity participating in a
23 matter pending before the commission.

24 This bill would require periodic public
25 informational meetings with utility representatives to
26 provide a status update to the commission, commission
27 staff, and the public regarding general trends in the
28 industry.

HB392 INTRODUCED

This bill would require the commission to ensure that lobbying expenses are not paid by ratepayers.

This bill would also make nonsubstantive, technical revisions to update the existing code language to current style.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

HB392 INTRODUCED

Section 1. The Legislature hereby finds all of the following:

(1) Alabama's current model for regulating critical infrastructure and public service industries was established over 100 years ago and is not the best model for ensuring that Alabamians are best-served and well-positioned for future challenges.

(2) Most states in America do not elect their state regulatory bodies. Currently 40 states appoint their version of the public service commission.

(3) There are dozens of regulatory bodies and agencies in Alabama and none of them are elected. These include offices regulating complex and critical industries including banking, insurance, and many others.

(4) All current members of the public service commission were initially appointed to their position by the Governor.

(5) The law currently establishes no conflict of interest restrictions on for profit and nonprofit advocacy organizations' relationships with members of the commission other than those entities that meet the definition of "utility" under current law.

Section 2. Sections 37-1-3, 37-1-5, 37-1-6, and 37-1-7, Code of Alabama 1975, are amended to read as follows:
